

Dan Wack, Director

I was born in Kerrobert Sask. The first eight years were spent on a prairie farm, in a small house, where we reached a total of ten in our family in 1944. We learned to cooperate.

After completing the Teachers College program in 1961, I began my teaching career in Alberta, and in 1966 I came to Slocan Park School. I soon became a member of the Slocan Park Credit Union which was located in the Co-op Store.

I taught at Slocan Park until Brent Kennedy School opened in 1977. Before leaving Slocan Park, my class and I watched a crane, that really was too small for the task, struggle to place the new double-wide Credit Union building onto its foundation. That was better than a field trip.

Slocan Park Credit Union had merged with Castlegar Savings Credit Union and in 1977 I became a member of the board of directors and am happy to have been involved in the many changes that kept moving things forward. I attended the first planning session In 1983 where we started "from scratch" putting together a real plan. Successive planning sessions have served us well.

I served as chair of the board for a total of nine years. Being part of developing and watching the success of the Growth Financial Corporation, and opening our third Branch in Greenwood are two of my favorite involvements.

Currently I am chair of the Nominating and Conduct Review Committees.

Looking back, I feel great satisfaction being part of Heritage Credit Union's history, and thank you for letting me serve.
